## For Professionals Who Wish to Refer Clients to Dreamcatcher

We offer free presentations to professionals and/or organizations who are interested in referring clients to Dreamcatcher and would like to know more about what we do. Presentations are offered in two locations:

- At the Dreamcatcher facility
- At the organization requesting the presentation

Presentations are 1 hour in duration and highlight the key aspects of what Dreamcatcher offers in regards to its services and how animal assisted therapy works for individuals. Individuals will have the opportunity to ask questions. If the presentation occurs on site at Dreamcatcher, individuals will have the opportunity to meet the Dreamcatcher animals and tour our facilities.

**For more information or to book a presentation please contact us at: 780-922-1047 or**

*Dreamcatcher* is a Psychology Private Practice located on a 40 acre ranch in Ardrossan Alberta. Dreamcatcher offers a variety of treatment services which include individual, family and group counselling to people of all ages. Dreamcatcher specializes in helping children and youth with multiple diagnoses, trauma histories as well as disabilities. Dreamcatcher offers specialized services to help people who have not found success in other forms of treatment. These services include incorporating animals into the counselling environment in an open and natural setting or indoors if the individual prefers. Dreamcatcher also offers traditional talk therapy, play and art therapy, and EMDR which is a technique that is very effective for people who have experienced traumatic life events. As well, Dreamcatcher offers educational and diagnostic assessments. The method of treatment used by the Registered Psychologists and Social Workers at Dreamcatcher is determined after a functional assessment and treatment interview is conducted in the first session.
